

# **A BETTER PLACE**

**Writers: Johnathan Bond/ Michael Lee**

**Publisher: HIS Choice Music/BMI**

## **Chorus:**

Together we can make this world a better place  
Spreading hope, peace and love, GOD's mercy and grace  
Helping each other walk along life's way  
Together we can make this world a better place

## **Verse 1:**

See them standing there giving all they've got.  
He works every day while she works through the night  
Raising their family doing all they can  
They would never say it but  
could use a helping hand

## **Verse 2:**

He fought for our country back in 1969  
Lost all he had left his family behind  
Now he's sleeping on the sidewalk  
Hungry and alone  
Hoping to find place somewhere to call home

## **Bridge:**

You and I can make a difference to that hurting heart  
Lord please remind me to always do my part
