

## **CAUSE I'VE BEEN THERE BEFORE**

**Writers: Johnathan Bond/Daryl Williams**

**Publisher: HIS Choice Music/BMI**

Maybe I've never walked down the same road you have  
And I've never had to carry the load that you bear  
But sorrow and pain never care who you are  
We all have wounds we all show scars  
But I know GOD's love is still there when life isn't fair

Cause I've been there before when it seemed all hope was gone  
In the midst of the storm I found strength to go on  
When I called out HIS name my whole world began to change  
I can say trust in the LORD, cause I've been there before

Never give into fear, hold on to faith  
Don't let discouragement tell you there is no way  
Remember how three Hebrew boys walked around  
There in the fire JESUS was found  
I know HE still walks in the flames, trust HIM today
