

# **LET'S DO IT TODAY**

Writers: Johnathan Bond/Anthony Jones

Publisher: HIS Choice Music/BMI

## **CHORUS:**

Let's do it today  
Make plans and sail away  
Let's live every moment of every day  
Stop running around in circles  
Going nowhere fast  
love every day as though it were our last  
Let's do it today, let's do it today

## **VERSE 1:**

Remember Billie Jean from down the road  
The doctor said there was no hope  
And Jeff from your high school just passed away  
Seems like every time we turn around  
Another friend is being put 6 foot down  
One day, I know our dreams they will fade too

## **VERSE 2:**

You said you've always wanted to travel far  
Maybe Paris or even Milan  
There's so many places we still want to go  
Why are we standing here right now  
Let's pack our things and blow this town  
There's so life left left for us to do

## **TAG:**

scripture says that life is but a vapor here one day and gone a moment later
