

# DO YOU REMEMBER

Writers: Johnathan Bond/Arthur Strout

Publisher: HIS Choice Music/BMI

Verse 1:

What has HE done for you, where has HE brought you from  
Has HE proven that HE loves you time after time  
Who has always been there through the good times and through the bad  
Who has kept you safe thus far, HE has, yes HE has

Chorus:

Do you remember, please don't forget  
GOD has always brought you through  
HE'll do it again, do you remember

What about when the Dr. gave bad news, and your world came crashing all around you  
You didn't know just where to go, you didn't know what to do  
So you called on the name of JESUS, you stood on HIS word in faith  
Once again GOD set you free, HE made a way, GOD made a way
