

## **Don't Hide Your Scars**

Jonathan C. Smith/Johnathan Bond/Randy Miller  
HIS Choice Publishing/BMI

Is there anybody here who will raise their hand and say  
I was lost but now I am found  
Does anybody know what it's like to be set free  
From the chains that once had you bound  
Can you tell me what the Lord has done for you?

### **CHORUS**

People need to hear the story of GOD's grace  
Healing that flows from his hand  
People need to know how GOD can take your hurt  
And use it as a part of his plan  
From the ashes you've made such a beautiful display  
Don't hide your scars; they're part of who you are

Some have felt the shame of addiction, and pain  
And maybe feeling less than enough  
Some fighting battles with sickness and disease  
Reaching for the strength to overcome  
Would you tell them what the LORD has done for you?
