CHORUS

He left the 99 came looking for me
I was lost and broken, when he rescued me
He picked me up brought me back where I should be
He left the 99 came looking for me

VERSE

The shepherd of the flock
counting his sheep,
He knows exactly what each one needs
His love & compassion
Still amazes me

VERSE

I had wandered off and lost my way
Just like that sheep I too had gone astray
Then I heard that Shepherd's voice when he called me by name
