

HE RESCUED ME

Verse 1

In the midst of the storm,
I stood alone
Hiding my tears trying to be strong
Fighting those battles deep in my soul
Who could I turn to for help
Then I heard a voice say
You can count on me
right then I fell to my knees

Chorus

I cried out to God,
Lord, I need Your help
I Can't fight this battle anymore,
Can't do it by myself
I fell to my knees,
He heard my plea
I called out to Jesus
and He came to me
I was lost, I was broken
And he rescued me

Verse 2

I can see in your eyes
the pain is real
I know the hurt is there still
Hoping time will take the struggle away
You're wondering will it ever end
I've got Good news
GOD is here to set you free
Now You can say with me
