

I STAND

VERSE 1

*The image of soldiers
Fighting a battle
Never letting Ol' Glory fall
There tired worn out body's
Victors in a war
That took them far from home
Their sacrifice
Is why we're here today
Do I'll stand and say*

CHORUS:

*I stand for peace
I stand for love
I stand for everything that comes from God above
I stand for freedom
I stand for liberty
I stand for the ones who gave their life for you and me
I stand*

VERSE 2

*There's a picture I recall
That hang on the wall
In my grandmas home
Three crosses on a hill
A story long ago
How one man died for all our sins
I bent my knee before the cross
I'll stand for our savior
Whatever the cost*
