

I WANNA PRAY FOR YOU

Writers: Johnathan Bond/Bill Baker

Publisher: HIS Choice Music/BMI

VERSE:

**Well I have stood on stages
Most of my life
Looked into faces
With tear filled eyes
And I've sat in the crowd
Just fighting to get by
But I cried out to JESUS
And HE changed my life**

VERSE:

**I see you've carried burdens
For a long long time
Fighting those battles
Every day and every night
You pretend to be strong
While you're dying inside
But I came to tell you
Right now is the time**

CHORUS:

**I know you need a miracle
I can tell you need a touch
don't fight those demons anymore
Enough is enough
I came to tell you
God will pull you through
Wontcha stand right where you are
I wanna pray for you**

**I came to tell you
God will pull you through
Wontcha stand right where you are
I wanna pray for you**

**Wontcha stand right where you are
Let me pray for you**
