Chorus:

It's ok to not be ok
It's alright when everything goes wrong
Just remember GOD has a better way
HE's gonna work it for your good
It's ok

Verse:

There was David in the path of the giant
Those three Hebrew boys thrown in the fire
Then Daniel tossed into the hungry lions den
They thought they were alone but GOD was there with them

Verse:

You see I too have had troubles and trials
Seemed I could not go another mile
Like Peter on the water I too was going down
But JESUS picked me up put my feet on higher ground
