

JUST ACROSS THIS RIVER

Writers: Johnathan Bond/Zac Clifton

Publisher: HIS Choice Music/BMI

VERSE 1

The skies are turning dark It's about to rain
I can feel the wind blow But I can't complain
He's brought me through so many times before
And I know He's leading me To that heavenly shore

Chorus

Just across this river I see the sunshine
This storms about over It's almost shouting time
Many things behind me But greater things await
Just across this river Inside those pearly gates

VERSE 2

Don't you wanna go To a better land
Don't go down In that sinking sand
Here comes a storm Heading our way
Won't you come and go To a better place

Repeat Chorus (X2)
