VERSE 1

There was Daniel in the lions den
But God rescued him
Three Hebrew boys in the fire
they did not burn
And what about Lazarus
when Jesus called him by name
he got up from the ground
He walked right out of that grave

Chorus:

Let me tell you what God has done
Let me tell you where he brought me from
How he picked me up how he made me whole how he saved my soul
Let me tell you what God can do
What he's done for me he can do for you
Want you give me just a moment
Let me tell you what God can do

VERSE 2

My whole world had crumbled
Everything had gone wrong
The music stopped playing
I lost my song
But when I called on Jesus
he turned my world around
I found love like I've never seen
joy like I've never known
