CHORUS (C/C#)

Look what GOD's done for me
HE saved me, forgave me, and now I am free
No, I'm not what I used to be
Look what GOD's done for me

VERSE:

I was lost so alone there was no hope
Held captive by choices I made
One day the chains they all fell away
When I met the Savior HE called me by name

VERSE:

Do you remember the day at that alter
You called out to JESUS fell to your knees
If HE saved you changed you when you first believed
Would you stand and sing this song with me
