

OH WHAT A DAY

He gave his life for my sin and strife
Oh what a day

Verse 1:

He came to this world to take the place of our sin
A love beyond measure from before time began
Like the heart of his father compassion for all men
With his life he made a way
Oh what a day

Chorus:

Oh what a day that he freely gave his life
On that rugged cross he became my sacrifice
No other day has meant so much to me
He gave his life for my sin and strife
Oh what a day

Verse2:

I found myself in trouble and felt so alone
With know one there to turn to all my hope was gone
I spoke the name of Jesus and he delivered me
Praise God now I am saved
Oh what a day

Bridge:

Oh what a day that will be
When my Jesus I shall see
Oh what day
Oh what day
Oh what way
