

# **SAME BIG GOD**

Writers: Johnathan Bond/Bill Baker

Publisher: HIS Choice Music/BMI

## **VERSE 1**

Have you seen the sun come up on the streets of Malibu  
You should watch the sun go down on the Texas plains  
Maybe feel the salt in the air from the ocean breeze  
or lay in the shade underneath an old oak tree

## **VERSE 2**

I've tasted the love of GOD high on the mountain  
I've felt HIS breath in the valley low  
Up the city streets, down the county road  
No matter where you are, it's easy to see

## **CHORUS**

HE's the same big GOD in this big ole world  
HE's the same big GOD in this small town, too  
If you need more proof, just look around and you'll see  
HE's the same big GOD (Same big GOD) for me and you

## **VERSE 3**

I went to town the other day saw the hands of JESUS  
Watched as a family fed a hungry man  
I blew out of town left all my cares behind me  
Got alone with GOD underneath a moonlit sky
