

TESTIFY

Writers: Aaron Nelson/Johnathan Bond

Publisher: HIS Choice Music/BMI

**The old man stood and said to them
How good the grace of God had been
And how he'd turned to Jesus long ago
He said he knew he'd made the right choice
When the good Lord put a song in his voice
What a joy it is to let the whole world know**

**Testify, tell what the Lord has done for you
How Jesus brought you through
To where you are today
Testify, share of his marvelous grace
And how he brought you to this place, Testify**

**The woman shared with strength from her heart
How God gave her a brand- new start
And how he rescued her from sin and shame
Then Jesus showed up on the scene
Saying you can always count on me
And now she knows she'll never be the same**

**We should talk about his mercy
Shout thanks to God above
Come on church share with one another
And sing praise about his love**

**Go tell them what he's done
Testify**
