

# **THAT'S JUST HER**

Writers: Johnathan Bond/Michael Lee/Diana Copeland

Publisher: HIS Choice Music/BMI

## **VERSE 1**

Just a kid with two children of her own  
Almost every decision made has been wrong  
Determined to fight through, She knew what she had to do  
She took all of her problems to the LORD in prayer

## **VERSE 2**

Now she's a little older but miles from way back then  
Still working through life's struggles, of heartaches and sin  
No matter the storm how big or how small  
She knows GOD will give her strength to overcome them all

## **CHORUS:**

That's just her she's strong in every way  
For each battle she runs to GOD calling out HIS name  
Though winds are strong waves are high nothing will stand in her way  
She will fight through the storm, 'cause that's just her

## **VERSE 3**

Today I received a call with bad news  
The Doctor said this disease is killing you  
I said don't worry about me, I will be ok  
I will talk to my Father and HE will make away
