Writers: Johnathan Bond/Mark Barnowski

Publisher: HIS Choice Music/BMI

### Verse1

He walked away and left his two children  
In the the middle of the night he just gave up  
Distracted by the dreams he had back then  
He says he loves his little family just not enough  
Tell me what Kind of love is that

### Verse 2

Then Another man stepped in to fill his shoes  
And show them how to be the best they can  
In million years he never thought he'd choose  
To help raise someone's children and be a loving dad  
Tell me what kind of love is that

### Chorus

He gave His all for another  
Made a way when there was no other  
Laid it all on the line took the wrong and made it right  
Standing on the future letting go of the past  
What Kind of love is that

### Verse3

Reminds me of a guy who rescued me  
took me in when my world fell apart  
On that cross he gave his life to set me free  
And the blood he shed on calvary truly changed my heart  
Tell me what kind of love of love is that
