

### YOU ARE

From the start of time You spoke this world into place  
You formed the oceans, the winds and the waves  
You placed the sun high on display  
Creator of all man, you know each of us by name

### **CHORUS**

YOU ARE the beginning and the end  
YOU ARE my savior my friend  
YOU ARE my provider my strength  
YOU ARE my joy from deep within  
When I speak your name you're always right there  
You're everything I need, YOU ARE

In my darkest moment it was you who rescued me  
You grabbed my heart held tight said you'd never leave  
Through every heartache every trial and all in between  
You are more than enough,  
Lord you're my everything
